

## Press Release

### **CS2 Lawyers becomes Spencers Solicitors**

*Leading personal injury firm adopts name of claimant rights advocate and Director John Spencer*

**10 October 2011** – CS2 Lawyers, one of the UK's leading personal injury law firms, will be known from today as Spencers Solicitors Limited ([www.SpencersSolicitors.com](http://www.SpencersSolicitors.com)). The firm has adopted the name of its Director John Spencer, a prominent personal injury solicitor and a steadfast advocate for reform of the personal injury system and the protection of claimant rights.

Most recently, Spencer was at the heart of the successful campaign to secure a Government ban on referrals fees in the personal injury market, including providing testimony and evidence as part of the House of Commons Transport Committee investigation into motor insurance costs in 2010. Both he and the firm continuously campaign against numerous widespread and questionable practices across the industry which harm consumers.

The Derbyshire based firm was originally founded as Cutts Shiers Solicitors in 1975, later becoming CS2 Lawyers in 2000. The firm now employs over 110 people and specialises in claims arising from road traffic, workplace or [public area accidents](#).

#### **John Spencer, Director of Spencers Solicitors, said:**

*“Throughout my career, I have sought to uphold the highest standards of professional conduct, and never forget my primary duty to protect a client’s rights and their access to the justice system in the event of legitimate injury. Likewise, this ethos is at the heart of our company as a whole, and I am humbled for the firm to bear my name.*

*“Whilst today’s change clearly marks the start of an exciting new chapter for our firm, it also reflects an evolution that has been underway for some time. Our steadfast belief in placing ‘duty before profit’ reflects a relentless commitment to put the well-being of claimants and their access to justice as our foremost consideration.*

*“Our very visible advocacy efforts in recent months for significant reform in the industry are but one reflection of this commitment. As Spencers, we will continue to stand steadfastly behind our professional responsibilities as solicitors and protectors of claimant rights.”*

In addition to his role as the firm's Director, Spencer currently serves as Vice Chairman of the Motor Accident Solicitors Society (MASS), and is its RTA Portal Co Director as well as a member of its Management Committee. He is also a Law Society PI Panel Member.
